Assembly instructions

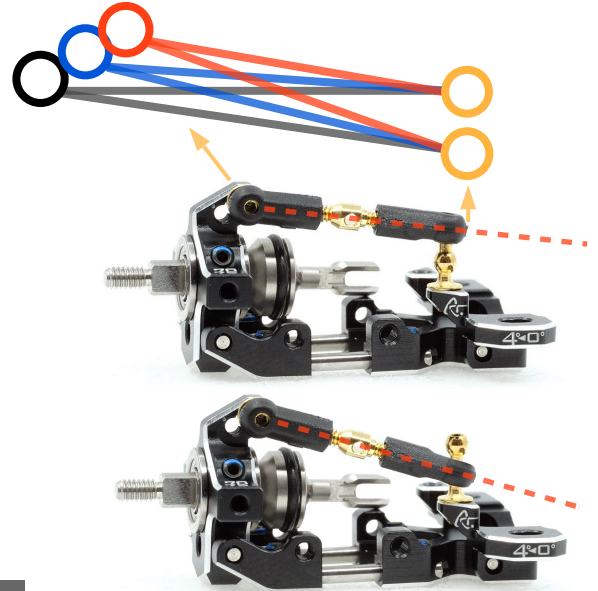

组成一体化摆臂系统，调节束角不会影响倾角，便于快速调整，便于拆卸安装。

Forming an integrated rear arm system, adjusting the toe will not affect the camber, making it easy to adjust quickly and disassemble and install.

束角大师本身提供两种拉杆几何结构，与金属轮杯孔位搭配，可构成6种几何形式。

The RTM itself provides two tie rod geometries, matched with the metal rear hub holes. Can form 6 geometric forms.

Toe in 0°~4° Stepless adjustable
束角0°~4°无级调节
